Fall 2016 Camp Days at the Museum

Columbus Day: Monday, October, 10th

9:30 am to 12:00 pm

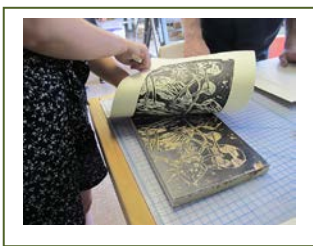

Mixed Media & Repurposing:

In this course, we will learn the importance of recycling by using found and collected items to create art. Students will make their own treasure boxes, jewelry and crafts from objects that others might throw out as trash. We will also continue to work on our mural wall and add recycled objects to the wall for 3D relief. Bring your imaginations!

Veterans Day: Friday, November 11th

9:30 am to 12:00 pm

Printmaking Class:

This course is an introduction to the basics of printmaking. Printmaking is one of the most historically significant and prolific forms of art, and with the right instruction, anyone can learn to create multiple images from the same block, carving or stencil. This class will focus on the relief (carved block) process. Students will create a block based on an original drawing and will create a full edition of matching prints from that matrix. The result will be a series of images that are similar but never identical-because the beauty of printmaking is that, even though all prints come from the same matrix, there are countless variables in the process that ensure every image is a unique expression of the artist's craft.

Fall Foliage Tree:

This class focuses on a quaint tree surrounded by the vibrant colors of fall foliage. We will guide students as they use Legos and paints to transform each canvas into a peaceful tribute to autumn.

☛ NEW LOW CLASS FEE!

\$10.00 per day/child

All supplies are included in the cost of the camp.

**Scholarships are available through the Dr. Rao*

Charitable Foundation upon request.

Parents are welcome to stay with any child at no extra charge and are encouraged with children under age 5.

REGISTRATION FORM

Please check boxes on reverse for classes desired.

STUDENT NAME _____ Age _____ (for children only)
