## Holiday Crafts Camp Day

Friday, December 15<sup>th</sup> from 1pm to 3 pm

Christmas tree ornaments began in the 1800's in English households. At first they began as items easily found in nature, such as nuts, fruit or pine cones. Americans have strung popcorn and/or cranberries into strands to string around Christmas trees for hundreds of years. We will study the history of holiday ornaments and make several historical and crafty ornaments to take home and hang on your family trees!
